

A woman with long blonde hair and bangs, wearing a green turtleneck sweater, is smiling and looking down at a small, brown and white dog. The dog is looking up at her. The background is a warm, indoor setting with a vase of flowers visible on the right.

Because They're Family, Too

*A guide to your Pet
Protection Plan*

Peace of Mind for Every Member of the Family

We make plans for our children, our homes, and our finances, but what about our pets?

For most of us, our pets are family. They bring joy, comfort, and unconditional love. But if something unexpected happens to you, who will care for them? Will anyone know their routine, their vet, or how to comfort them when they're scared?

Without a plan, your beloved companions could be left uncertain or even end up in a shelter. A Pet Protection Plan ensures your pets are cared for, loved, and protected according to your wishes, no matter what happens.

Everything You Need to Protect Your Pets

Your personalized Pet Protection Plan includes everything needed to safeguard your pets and guide their future caregivers:

- Pet Care Profile – Details your pet’s daily routine, favorite foods, vet information, and medical needs.
- Permanent Guardian Nomination – Officially names who will provide lifelong care.
- Letter to the Guardian – A personal message from you with care instructions and love for your pet.

Simple Steps to Lasting Protection

Creating your Pet Protection Plan is simple and deeply meaningful:

1. We guide you through every step, helping you make thoughtful decisions about your pets' care.
2. Your nominations and instructions are legally documented, giving your plan authority and clarity.
3. You receive a complete binder with your plan, ID materials, and emergency tags.
4. Your File of Life and Pet Alert Tags are activated, ensuring responders know to check for your plan.

The result is peace of mind knowing your pets will always be cared for by someone you trust.

A photograph of a person walking a dog in a field of tall, golden-brown grass. The person is wearing a dark jacket and dark pants, and the dog is a brown and white beagle. The text "Love Lasts Beyond a Lifetime" is overlaid on the right side of the image in a large, bold, orange font.

Love Lasts Beyond a Lifetime

Every year, countless pets end up in shelters when their owners become ill or pass away, simply because no one knew what to do.

At Pinnacle Legacy Law, we believe your estate plan should protect every member of your family, including the furry ones.

Our Pet Protection Plan gives you the assurance that, no matter what happens, your pets will be loved and cared for the way you would have wanted.

Because they're family, too.
